AT YOUR SERVICE

- Market research proves our consignors earn an average of 50% more per item* compared to other leading e-commerce consignors with our distinctive merchandising approach.
- Our service is as lavish as your items. You will experience 5-star treatment from your dedicated Merchandise Coordinator providing you and your account full service. By meeting with you in your home, providing complimentary pick up of your items, sending your profits as they sell, and being accessible to you throughout the consignment process, we will surpass your expectations.
- We specialize in more than designer and couture fashion. Our staff is expertly trained to market an array of specialty items such as luxury décor, fine jewelry and more.
- Our core values have always been confidentiality and service. The HAUTE Spot was founded on these principles by Fashion Stylist Karna Johnson who's mission is to provide her exclusive and demanding clientele with Effortless Style™ and cater to their every fashionable need.
- Beyond consignment, we are the ultimate fashion solution, offering an array of stylish services, such as our exciting "elimination round". Our sister company, Karna Johnson Styling Associates, also provides Fashion Styling, Personal Shopping, Closet and Wardrobe Consulting and many other invaluable services for men and women.
- Our commission plan is simple: receive 55% on every item you sell with us, no hidden fees.
